___ _____

___ _____

Butterfly watching is one of the fastest growing hobbies in the United States. Enjoy their beauty and fascination, and be mindful that many of South Florida’s butterflies are under considerable environmental pressures, including habitat loss and anti-mosquito spraying. It is important that everyone who enjoys and appreciates these ephemeral wonders, which so noticeably enhance our landscape, support their protection.

Dennis J. Olle,
Miami Blue Chapter Director of
Conservation Programs, and NABA
Board Member
